

# DREAMS

What are my resources?

Everybody. Talking to people is the best way to learn who needs help and who has help to give. I love connecting the two.

Who do I need to involve?

Stay in tune with networking tools, organizations and arenas that allow me to keep learning, doing and making connections and relationships.

What are my next steps?

I am constantly talking to people...that is the first step. Facebook is a great idea for another way to make those connections.

My dream is to be able to retire comfortably, relax and enjoy life. I may need to work a little but just enough to visit my children, play a little and do volunteer work to stay help & stay in touch.

What are your hopes and dreams?

I feel I worked hard to provide for me and my sons and now I want to pay back my community by lending a helping hand when and where I can. I love putting people in touch with helpful sources.

Opportunities just keep opening up that allow me to do things I love to do.

Where do my dreams make sense?

What have I learned?
