**Interested but can't attend? Email [Claire@helensandersonassociates.co.uk](mailto:Claire@helensandersonassociates.co.uk) and she will send you a link to the recording**

This webinar will share what's possible when we combine outcome focused care and support planning with the use of assistive technology.

During the course of this webinar you will be introduced to:

- The personalised planning approach to developing outcome focussed care and support plans and implementing Individual Service Funds
- How connected care has transformed lives and delivered on outcomes
- Sharing information on practical connected care solutions
- Ways in which connected care and personalised support planning can support you

This webinar is for anyone working in provider services.

Please share this with colleagues who may be interested in attending.
